

Cookies policy

Last update 10/04/2024

This website uses cookies to improve the user experience and to provide additional functionality. A cookie is a small text file stored on your device when you visit a website. We use cookies for a variety of reasons, such as to provide technical functionality of the site, to personalize your experience, to perform analytics on site usage, and to provide targeted advertising.

By using this website, you agree with the use of cookies following this policy. If you do not agree to the use of cookies, you can adjust your browser settings to refuse cookies. Please note that refusing cookies may affect the functionality of the site and your user experience.

Cookies can be classified into one or more of the following categories:

- **Essential Cookies:** These cookies are needed for the website to function properly. They cannot be disabled on our systems and are usually set in response to actions taken by you, such as setting your privacy preferences, logging in, or completing forms. You can set your browser to block or alert you to these cookies, but some parts of the site will not function properly.
- **Performance Cookies:** These cookies allow us to count visits and traffic sources so that we can measure and improve the performance of our site. They help us to know which pages are the most and least popular and to see how visitors navigate the site. All information these cookies collect is aggregated and therefore anonymous. If you do not allow these cookies, we will not know when you have visited our site and will not be able to monitor its performance.
- **Functionality cookies:** These cookies enable the website to provide enhanced functionality and customization. They may be set by us or by third-party providers whose services we have added to our pages. If you do not allow these cookies, some or all of these services may not function properly.
- **Advertising Cookies:** These cookies may be set through our site by our advertising partners. They may be used by those companies to build a profile of your interests and show you relevant advertisements on other sites. They do not directly store personal information but are based on the unique identification of your browser and Internet device. If you do not allow these cookies, you will experience less targeted advertising.

We use the following types of cookies on this website:

Name	Description	Session/Persistent	First-Party or Third-Party
device_view	This cookie is used to store information about the type of device the user is using to access the website. It can be useful for customizing the user experience according to the device, such as displaying optimized content for mobile or desktop.	Persistent	First-Party
_ga	This cookie is used by Google Analytics to distinguish users. It assigns a unique identifier to each user to perform an analysis of user interaction with the website.	Persistent	Third-Party

Name	Description	Session/Persistent	First-Party or Third-Party
_ga_EXNFPFVZ2J	Like the "_ga" cookie, this cookie is used by Google Analytics to distinguish users. It provides a unique identifier for each user and is used to collect statistical data on user behavior on the website.	Persistent	Third-Party
PHPSESSID	This cookie is used to maintain the state of the session of the user on the server. This cookie is essential for the technical operation of the website and is used to remember the actions of the user on previous pages during a session.	Session	First-Party
filter	This cookie is used to store the filtering preferences of the user on the website. It may contain information about the filtering criteria selected by the user to display specific content on the site.	Persistent	First-Party
welcomeback	This cookie is used to identify users who return to the website. It may contain information about the last visit of the user, such as the date and time of access, and can be used to customize the experience of the user on future visits.	Persistent	First-Party
uetsid	It is used to store the user's session ID, allowing Microsoft Ads to track user interactions during a single browsing session. This helps to measure the effectiveness of advertising campaigns.	Session	Third-Party
uetvid	It is used to store a unique visitor identifier, allowing Microsoft Ads to track an individual user across multiple browsing sessions. This helps to understand user behaviour over time and to measure the effectiveness of advertising campaigns.	Persistent	Third-Party

Note: Session cookies are automatically deleted when the browser is closed, while persistent cookies remain on the device of the user for a specific period, depending on the settings.

By using our website, you agree we can place these types of cookies on your device.

To adjust the settings of your browser about cookies, for information purposes, we provide links to the most commonly used browsers currently in use:
